

Your Neighborhood Muscle,  
Bone, & Joint Care Provider

March 20, 2020

Dear Valued Patients,

Like our entire nation, we continue to monitor the ongoing developments associated with the wide sweeping spread of COVID-19, which is prompting us to make some unprecedented decisions.

**In the best interests of our patients and employees, due to the ongoing public health emergency presented by the COVID-19 virus outbreak, we will be temporarily closing some of our locations as of 5 p.m. tonight (March 20).**

**Please see the list below for details on your 7 Springs location:**

Antioch **(Closed For 15 Days)** - Tentatively reopening April 6, 2020  
Bellevue **(Closed For 15 Days)** - Tentatively reopening April 6, 2020  
Brentwood **(Closed For 15 Days)** - Tentatively reopening April 6, 2020  
East Nashville **(Closed For 15 Days)** - Tentatively reopening April 6, 2020  
Lawrenceburg **(Open Monday - Friday)**  
Manchester **(Open Monday - Thursday)**  
Spring Hill **(Closed For 15 Days)** - Tentatively reopening April 6, 2020

**We anticipate these closures and adjusted hours will last at least 15 days but will adapt our plans based on the best and latest guidance from the CDC and local public health officials.**

This situation has proven to be one of the most difficult issues we as a company have ever encountered. We arrived at this decision based on the latest CDC guidance in an effort to do our part in the mitigation of this public health crisis. As a healthcare provider, our top priority will always be your safety and the health of our communities. Our goal with these adjustments is to do our part in limiting the potential spread of COVID-19 in our communities before it threatens to overwhelm our public health system and our most vulnerable.

### **Continuing Care**

As we work to continue to serve you, please see the following efforts we are making in order to maintain the quality-care we always look to provide to you and your family:

- 7 Springs will call all currently scheduled patients to coordinate the continuation of care
- On-call services will be available for those with essential musculoskeletal needs. Simply call your 7 Springs location.

### **Looking Forward**

Since the founding of 7 Springs in 2006, Middle Tennessee has been our home and community. We take great pride in serving every family and community member that needs us. These decisions were not made easily, nor quickly. But rather, the actions we are taking can be described as our best effort to protect those we love the most - our patients and our employees.

Thank you again for being a member of the 7 Springs family and we will be sure to provide further updates as new information, including potential reopening date(s), becomes available.

Our thoughts and prayers are with the safety of you and your families.

With Gratitude,

Your 7 Springs Orthopedics Care Teams
